Current Experience

101communications 09.00 - present
Web Art Director   www.101com.com > www.1105media.com
Company changed hands last year, name changed to 1105 Media.
I started 6 1/2 years ago as the sole web designer. Currently, I direct a team of 5 web standards designers, working with 7 programmers as a combined in-house web department. In 3 years, our design team has been able to migrate all company core sites from table-based layout to current best   practices and standards for web, implementing a style guide and javascript library for the front end, across the sites.
I am personally responsible for markup, css, and design on:
http://www.campustechnology.com
http://www.tdwi.org
http://www.esj.com
along with all associated newsletter templates
